Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Wednesday 14 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Most places dry and warm with sunny spells.

This Evening and Tonight:
Clear periods in east at first, then extensive mist and low cloud crossing the country overnight. Also a little drizzle, especially in the west. Dry, clearer conditions following later.

Thursday:
Early mist and low cloud soon dispersing. Then a fine, dry day for much of Scotland with plenty of warm sunshine. Western Isles cloudy later. Light winds.

Outlook for Friday to Sunday:
Dry, warm and settled weather looks set to continue on Friday and over the weekend. However the northwest and Northern Isles will be cloudier.
